FOLDABLE INFLATABLE BOATS :

HD Series.....16

INTRODUCTION

Industrial Planet :

Our new industrial planet built on 5000 Sq. meters and have twin 1000 Sq. meters hangers , 45 skilled workers and 3 engineers. Located 50 Km from Cairo International airport and 80 Km from Suez port. All boats are built one by one which means that they are hand made by our high technical manufacturing skilled workers.

Manufacturing :

Tiger Marine boats are built with the best parts in the market made by the best Italian manufacturers and complies with CE regulations.

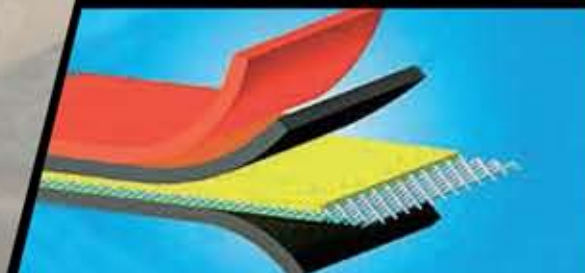

Tiger Marine light commercial boats are built with the latest technology of thermobonding which eliminates the old fashioned gluing method still used by some manufacturers. This technique is applicable for the PVC and polyurethane fabrics.

For heavy commercial and military applications we use the high quality Hypalon/Neoprene fabrics from the world famous manufacturers. Tiger Marine boats are built according to the requirements of the international standards ISO - 6185 and European Directive for Recreational Crafts 25/94/EC, in addition to RINA certificate for some models.

History:

Tiger Marine boats are in the market since 1996 , which means 20 years of experience in the inflatable boats manufacturing techniques. This experience has been reflected to our customers with a superior performance and quality boat.

Fabrics:

Tiger Marine boats are built with many types of fabrics to match every type of application

- a- Hypalon/Neoprene 1880 Dtex : for heavy military use
- b- Hypalon/Neoprene 1670 Dtex : for military use and heavy commercial
- c- Hypalon/Neoprene 1100 Dtex : for light military and commercial use
- d- Valmex - welded : 1100 Dtex : for light commercial use

RIGID INFLATABLE BOATS

DIVE MASTER

Dive Master Series , are made especially for commercial and professional users.

Depending on your needs, the boats can be totally customized from a simple deck plan for diving or reuse application up to a sophisticated military patrol boat.

With a wide range of consoles, seats and accessories you can make the boat that matches the needs.

Different types of fabrics are available for each model, from simple PVC coated fabrics up to a heavy duty CSM (Hypalon / Neoprene) with different three grades of fabrics , 1100 Dtex , 1670 Dtex and 1880 Dtex for a hard military use.
